In recent years we have carried out a number of major works on our building. These have included replacing the roof sheeting, new flooring and pressed metal ceilings, and lining and insulating the meeting room.

As funds are available we plan to continue with restoration and maintenance work.

## **Our Goal this financial year is \$10,000.**

The current work program includes:

1. Replaster and paint to heritage standards the Memorial Room.
2. Improve the work area facilities and storage area in the meeting room.
3. Replace the lighting within the Museum.
4. Improve our outdoor display and storage areas.

Yes I would like to support the Society in its commitment to preserving its historic building by donating the following tax deductible sum to the 2014/15 annual appeal.
